[Watch our own CCSD kindergarten students coding.](#)

Over 45 million students have tried an Hour of Code.  
Learn how to prepare your students to participate in Hour of Code (December 8 – 14, 2014).

K – 12, across content areas

Check out the promotional video at <http://code.org>

Our students are smart, capable, and talented.

Let's help them glimpse possibilities for their futures.

To participate in a Wednesday Webinar, you will need an Internet connection and speakers, using either a computer or a handheld device (such as an iPad). You do NOT need a microphone.

**A playback will be available after the webinar.**

**Register in Pathlore to receive a reminder email and playback link:**
