The Nitty Gritty

iWork for iOS

It's easy to create and edit on the go with all of these tools. Store it all on the iCloud, eliminating multiple drafts.

Tracking Tasks

Wunderlist

Create and share to-do lists on your mobile devices and computer. Set up lists to share with groups for collaborative projects.

Reminders

Have you iOS device remind you at a specified time or when you arrive at or leave a location.

Atracker Pro

Track types of activity as you complete tasks to see patterns in your behavior. Great for tracking questioning strategies, instructional methods, or other professional practices.

Never Forget Things

1 Password

Keep all of your passwords and accounts safe and sync across devices with iCloud or Dropbox. Apps for Mac and Windows too!

Symbaloo

This visual bookmarking site allows you to create bookmark collections called webmixes. Log in for any device or computer to link to your favorite sites.

Find My Friends

Track the location of family and friends. Set up regular tracking or track for a limited time while participating in special event or trips.

Professional Development

OnCUE+

Read the OnCUE magazine that come with your CUE NV membership right from your iPad.

Teaching Channel

The Teaching Channel host videos that allow you peek into classrooms all over the world to improve your professional practice.

Podcasts

View podcasts about professional productivity or other topics. Try Get it Done Guy from the Quick and Dirty Tips Network.

Recommended Podcasts

- Get it Done Guy
- Tech Talker

TED

View the latest TED talks on demand.

Lesson Planning

Common Core Standards

All of the Common Core Standards at a glance.

Curriculum Engine

Create or view lesson plans on the go.
